# ABOUT US

Founded in 2008, Canadian Medical Center Co. is proud to be the first healthcare provider accredited by Saudi Aramco to deliver emergency medical services. As a Saudi joint-stock company listed on the Saudi Stock Exchange, we have positioned ourselves as a leader in emergency medical care and integrated healthcare management solutions.

With a steadfast commitment to quality, we leverage cutting-edge technologies and comply with international healthcare standards, aligning our services with the goals of Saudi Arabia's Vision 2030. Our offerings include fully managed on-site clinics, emergency medical coverage for projects and events, and advanced ambulance services all supported by a modern fleet and a team of licensed, highly trained medical professionals.

Our quality-driven approach has earned us an accreditation score of 96.67% by the Saudi Central Board for Accreditation of Healthcare Institutions (CBAHI), alongside four global ISO certifications in quality, healthcare management, and occupational safety. These achievements reflect our continuous pursuit of excellence, innovation, and sustainable development in the healthcare sector.

# OUR VALUES

At Canadian Medical Center, our values form the cornerstone of delivering integrated healthcare services with excellence. We believe that high-quality and sustainable care can only be achieved through a strong foundation built on the following principles:

## DEVELOPMENT

Adopting the latest technologies and encouraging innovation to enhance healthcare delivery.

## INTEGRATION

Seamlessly uniting our resources, expertise, and processes to provide

## QUALITY

Upholding the highest medical standards and consistently striving to exceed

## TRAINING

Continuously investing in the development of our teams to ensure they deliver exceptional care.

## COMPETENCE

Empowering skilled professionals who are equipped with knowledge,

## COLLABORATION

Fostering teamwork across all levels to maximize collective success.

# OUR SERVICES

At Canadian Medical Center Co., we provide a comprehensive suite of specialized medical services tailored to diverse industries and needs across the Kingdom. Our services are designed to meet the highest standards of healthcare delivery, ensuring quality, efficiency, and reliability.

- 1 Medical Centers
- 2 Medical Support At Onshore And Offshore Sites
- 3 Medical Support At Construction Sites
- 4 Medical Support At Industrial Sites
- 5 Medical Coverage For Events
- 6 Ambulance Services
- 7 Home Healthcare
- 8 Medical Training
- 9 Medical Examinations
- 10 Ambulance Transport

# 1 MEDICAL CENTERS

At Canadian Medical Center, we operate three state-of-the-art medical centers located in Khobar, Dammam, and Buqayq. Each facility is equipped with the latest diagnostic and treatment technologies, staffed by highly specialized professionals. Our services include:

## Obstetrics And Gynecology

Pregnancy follow-up, women's healthcare, diagnosis of women's diseases, and maternity services.

## Radiology Services

X-ray imaging, MRI, and ultrasound diagnostics.

## Emergency

Immediate response to emergency cases, available 24/7, and equipped with the latest medical equipment.

## Laboratory Services

Conducting all laboratory tests with precision and efficiency to ensure accurate medical diagnoses.

## General Medicine

Diagnosis and treatment of various medical conditions, regular check-ups, and continuous health monitoring.

## Pediatric Clinic

Comprehensive pediatric care, vaccinations, and routine growth monitoring.

## Internal Medicine

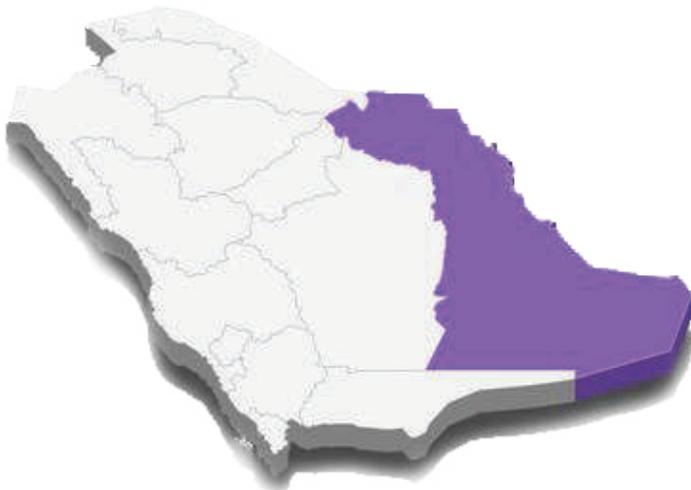

Diagnosis and management of chronic diseases such as diabetes, hypertension, and digestive system disorders.

## Cardiology Clinic

Heart disease screening and diagnosis, ECG, and stress tests to ensure cardiovascular health.

## Dental Clinics

Comprehensive oral and dental care, including orthodontics, cosmetic treatments, and dental restorations.

## 2 MEDICAL SUPPORT AT ONSHORE & OFFSHORE SITES

We provide comprehensive medical services for remote onshore and offshore industrial sites, including oil fields. Our licensed teams conduct health risk assessments, operate mobile clinics, and ensure emergency readiness with ambulances and equipment that meet global standards.

## 3 MEDICAL SUPPORT AT CONSTRUCTION SITES

We provide on-site emergency medical support for construction projects, including large scale developments like NEOM. Our services include risk assessments, medical team deployment, and fully equipped ambulances to ensure safety and rapid response across all phases of the project.

## 4 MEDICAL SUPPORT AT INDUSTRIAL SITES

We offer complete medical coverage for industrial complexes such as SABIC and Aramco sites. Our clinics are equipped with advanced medical devices, mobile units, and dedicated staff trained to meet health and safety regulations. We also provide performance reports and data-driven recommendations.

# 5 MEDICAL COVERAGE FOR EVENTS

Our Riyadh-based team manages medical coverage for various events including public, private, sports, exhibitions, and conferences. We deploy ambulances, paramedics, and specialized teams to ensure rapid response and full readiness.

- A SPECIALIZED MEDICAL TEAM
- AMBULANCES EQUIPPED WITH THE LATEST EQUIPMENT
- A TEAM OF SPECIALIZED PARAMEDICS

Our Riyadh office is responsible for managing and organizing medical services at events, ensuring efficient coordination and a rapid response to emergencies. Our goal is to create a safe and secure environment for all participants, adhering to the highest standards of quality and safety.

## 6 AMBULANCE SERVICES

Our ambulance fleet operates 24/7 and includes advanced life support, basic life support, and 4x4 emergency vehicles. All units are staffed by certified professionals and equipped with the latest safety and medical technology for secure and efficient patient transport.

### ADVANTAGES OF OUR AMBULANCES

- State-of-the-art medical equipment
- Highly qualified medical team
- Comprehensive ambulance services
- 24/7 readiness and availability

### AMBULANCE SPECIFICATIONS

- Environmentally friendly and sustainable compliance
- Equipped with advanced and basic life support systems
- Fire and explosion-resistant safety systems
- 4x4 ambulances (four-wheel drive) for enhanced mobility
- Luxury Mercedes-Benz ambulances designed for major events and large-scale operations

# 7 HOME HEALTHCARE

Our home healthcare service provides medical attention for patients in the comfort of their homes. Services include physiotherapy, elderly care, palliative care, post-operative care, and in-home medical evaluations.

## Our Home Healthcare Services Include:

- Home Based Physiotherapy Services
- Home Medical Visits
- Palliative Care For The Elderly And Individuals With Special Needs
- Post-Surgery Patient Care
- Conducting Home Medical Examinations

## 8 MEDICAL TRAINING

We provide certified medical training programs for healthcare professionals, focusing on emergency preparedness. Courses include CPR, BLS, ACLS, and pre-hospital injury management.

**Advanced Cardiovascular Life Support (Acls) Course**

**Basic Life Support (Bls) Course**

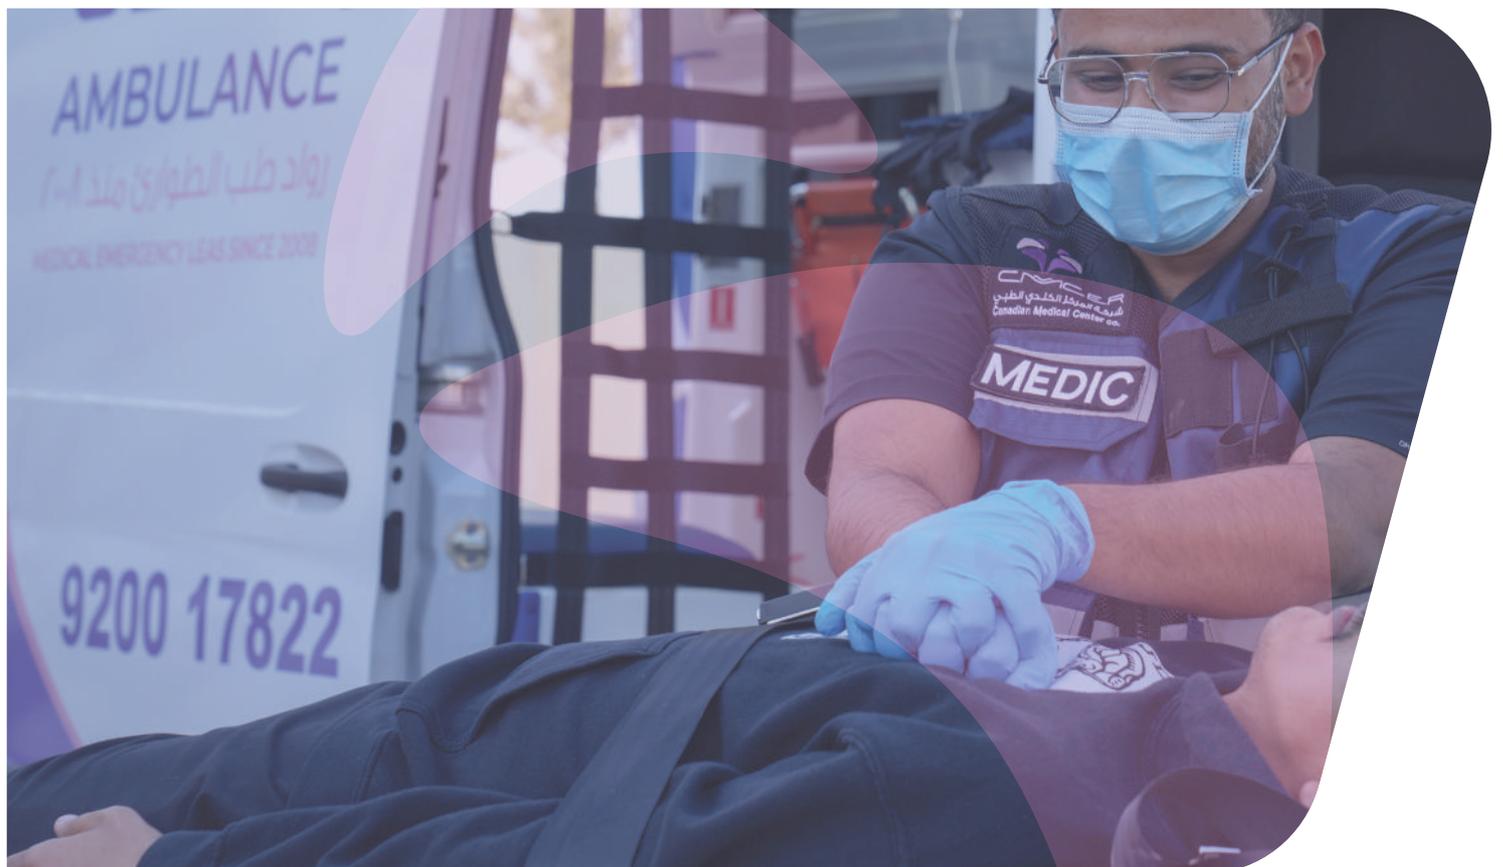

**Cardiopulmonary Resuscitation (Cpr) And First Aid Course**

**Pre-Hospital Injury Management Course**

These programs ensure that healthcare professionals are fully prepared to handle critical medical situations, reinforcing our commitment to enhancing emergency response capabilities and improving patient outcomes.

# 9 MEDICAL EXAMINATIONS

We offer comprehensive medical examinations for workers in various sectors including oil, industrial, and construction. Services meet Aramco and regulatory requirements such as fitness tests, drug screening, and periodic occupational health exams.

## Medical Examinations

### Occupational and Employment Medical Examinations

- Medical Evaluation for Workers in Maritime Sectors
- Hearing Test
- Lung Function Tests
- Pre-employment Screening

### Periodic and Mandatory Medical Examinations

- Driver's License Test
- Health Assessment for Residents and Workers (Non-Saudis)
- Stress Test
- Drug Testing
- Residency Examination
- Periodic Occupational Health Examination (for Saudis only)

### Medical Examinations for Industrial Sectors

- Regular Health Status Monitoring for Employees
- Heavy Equipment Operators' Medical Examination for Aramco

### Specialized Medical Examinations

- Vaccinations
- Acute Encephalitis Testing for Rare Neurological Diseases
- Echocardiogram (Ultrasound Heart Test)

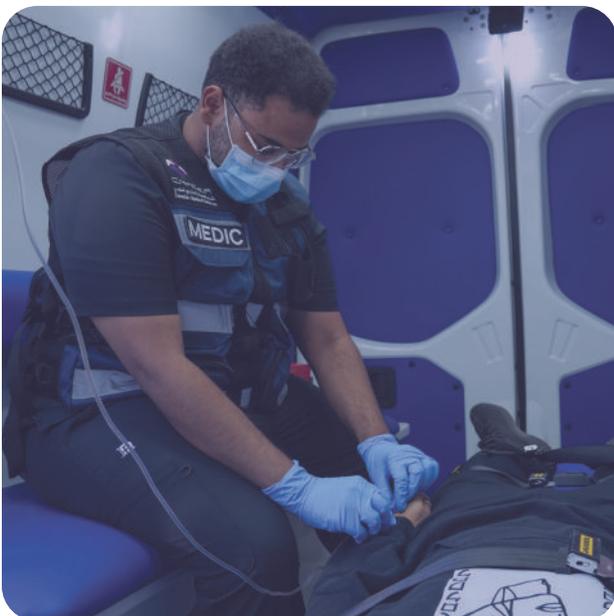

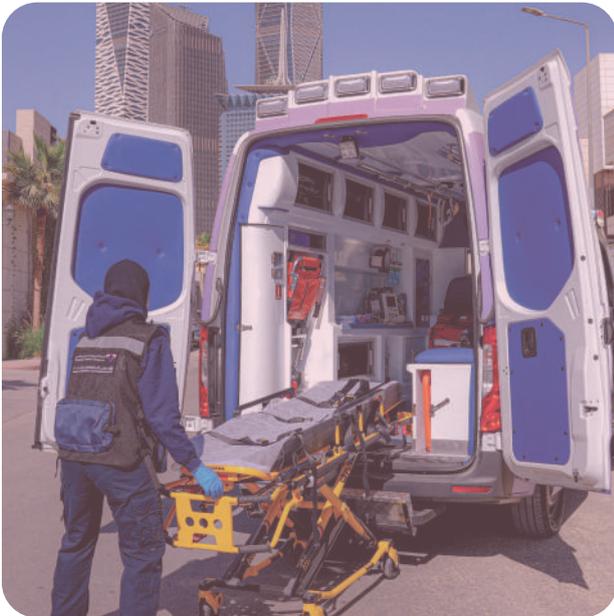

# 10 AMBULANCE TRANSPORT

The Canadian Medical Center provides ambulance services that meet the highest quality standards. Our modern fleet is equipped with the latest medical technology to ensure patient comfort and safety during transport.

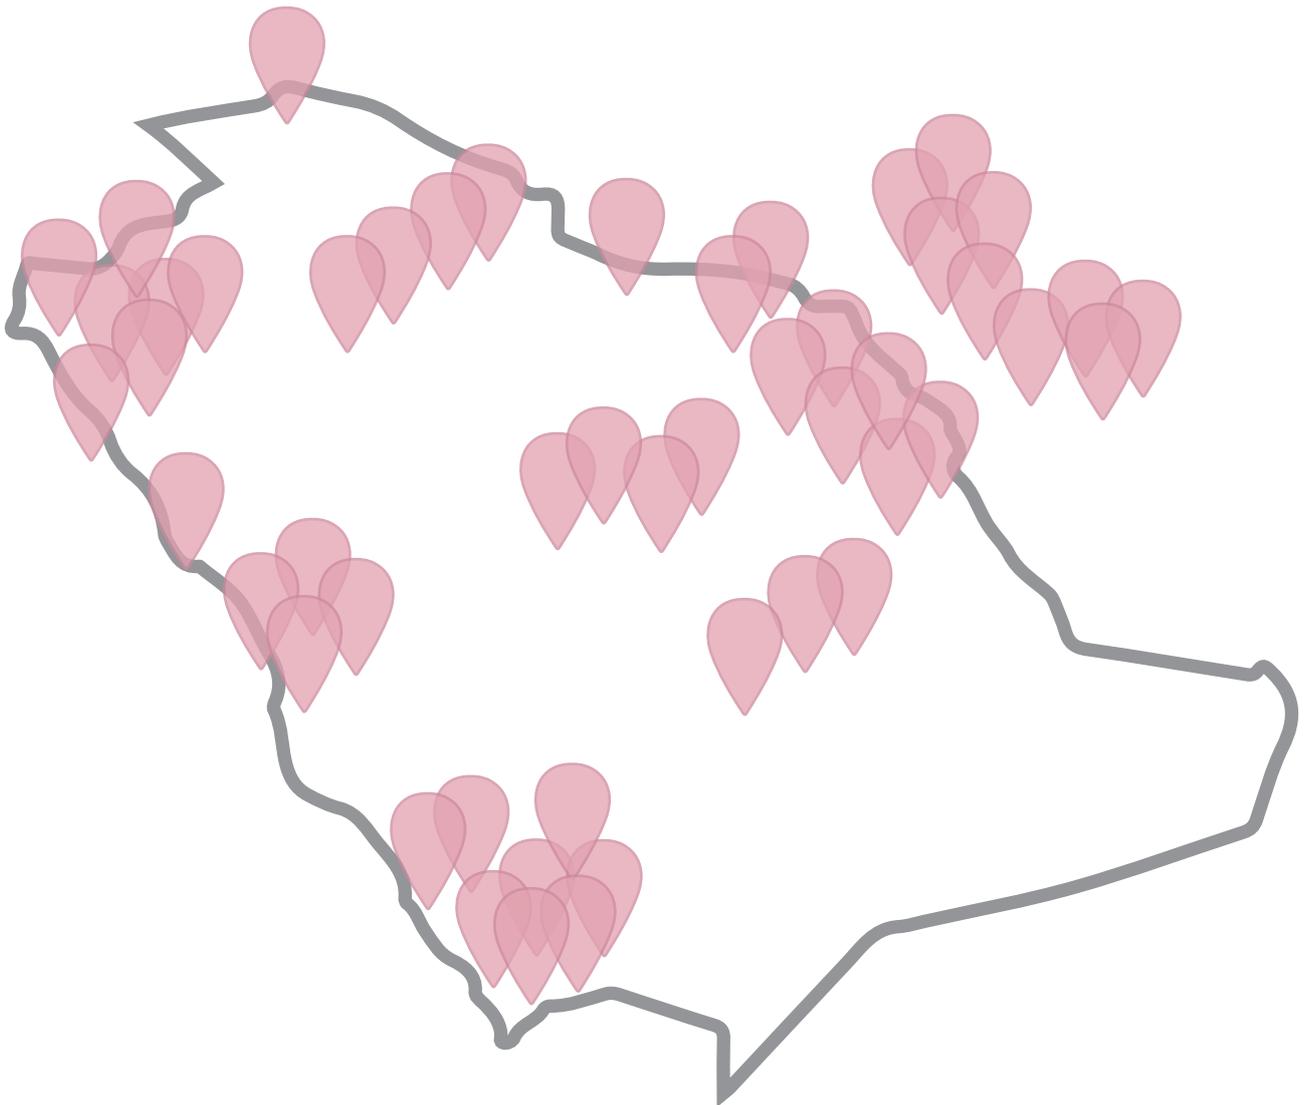

Our specialized medical team, certified by the Health Specialties Authority, operates efficiently and skillfully to address patients' needs promptly and accurately. We are committed to delivering diverse emergency medical services, ensuring superior care and comfort for patients in critical situations. With a dedicated team and state-of-the-art ambulances, we guarantee rapid response and high-quality emergency transport, contributing to enhanced medical care and patient safety.

# REACHING REMOTE LOCATIONS

The Canadian Medical Center provides high-quality medical support to clients operating in remote and challenging environments across the Kingdom of Saudi Arabia. Our multidisciplinary team of doctors, nurses, paramedics, and emergency medical technicians ensures comprehensive healthcare services in areas with limited medical access.

With a widespread network of mobile medical units and advanced healthcare solutions, we are committed to delivering critical medical care wherever it is needed, ensuring safety, efficiency, and accessibility for all.

We integrate smart technologies across all operations. These include health information systems, virtual clinics, AI-powered diagnostics, and real-time emergency data sharing for optimal healthcare delivery.

**Health Information System:** A fully integrated platform for managing medical and administrative operations, with data analysis and patient history tracking.

**Virtual Clinic:** Remote medical consultations with real-time monitoring of patients' vital signs, enabling efficient telemedicine solutions.

**Digital Imaging And Smart Diagnostics:** Advanced technologies for precise medical imaging and data analysis using artificial intelligence.

**Emergency Solutions And Quick Communication:** Real-time transfer of vital patient data to hospitals during ambulance transport, utilizing smart response systems for enhanced emergency care.

# WHY US?

The Canadian Medical Center is committed to providing comprehensive and advanced healthcare that meets the highest global quality standards. We distinguish ourselves by integrating cutting-edge medical technologies and a highly specialized team of doctors and healthcare professionals. Our goal is to deliver exceptional medical services that cater to our clients across various regions of the Kingdom, backed by a proven track record of achievements and official accreditations.

-  **Officially Accredited**  
We are accredited by Saudi Aramco, Johns Hopkins, and the Saudi Center for Accreditation of Health Facilities (CBAHI).
-  **Reaching To Remote Areas**  
We provide field medical services covering remote and distant locations to ensure healthcare for everyone.
-  **Specialized Medical Tests**  
It includes regular check-ups and professional certifications.
-  **Immediate Medical Response**  
Equipped ambulances and trained medical teams.
-  **Full Administrative Oversight**  
Administrative offices to ensure service efficiency in major projects.
-  **Saudi Joint-Stock Company**  
Has All The Advantages Of A Joint Stock Company, Subject To Governance And Oversight By The Capital Market Authority.
-  **Specialized Medical Team**  
QUALIFIED DOCTORS AND HEALTH CARE PROFESSIONALS ACROSS VARIOUS SPECIALTIES.

## TRANSITION TO THE MAIN MARKET (TADAWUL)

As a major milestone reflecting continuous growth, Canadian Medical Center Co. celebrated the successful transfer of its shares on Wednesday, October 22, 2025, from the Parallel Market (Nomu) to the Main Market (Tadawul). This achievement demonstrates the company's strong performance and commitment to sustainable development and excellence.

The event was attended by company leadership and representatives from the financial sector, marking a new phase in the company's journey toward enhanced capabilities and long-term growth.

The move to the Main Market aligns with the company's strategic expansion plans in medical services, supporting its focus on quality, innovation, and advanced healthcare solutions. It strengthens operational efficiency, broadens service offerings, and reinforces investor confidence in the company's vision and future prospects.

Canadian Medical Center remains dedicated to excellence, continuous development, and the achievement of sustainable success.

# STRATEGIC PARTNERSHIPS & SOCIAL CONTRIBUTION

## Community Hour Initiative

A joint initiative between the company and the Saudi Red Crescent Authority aims to enhance collaboration and improve the efficiency of emergency medical services, including knowledge exchange in ambulance and emergency care, and providing qualified teams to deliver urgent patient care at the highest quality standards

## Memorandum of Cooperation with the Ministry of Municipal & Rural Affairs and Housing

Canadian Medical Center signed a cooperation agreement with the Ministry of Municipal & Rural Affairs and Housing to support joint efforts in improving health service accessibility, enhancing community health programs, strengthening preventive healthcare initiatives, and promoting well-being among individuals and families.

The Canadian Medical Center has entered a strategic partnership with Sahab Company to promote innovation and entrepreneurship in biotechnology. The partnership focuses on empowering entrepreneurs in innovation, education, and health training through specialized programs for innovators and researchers. It also aims to develop and professionalize businesses with local and international marketing programs, as well as attract and support innovative projects in health entrepreneurship through participation in the program.
